

COLD PRESSED BAOBAB OIL

THE STORY

The Baobab Tree has a dominant presence across the African Savannah. Also known as the **upside down tree** because its branches look like roots, it is a symbol of life and so it is worshiped in some areas. It has several uses: the flesh powder, considered a superfood full of vitamins, for ice creams, candy, sauces and more; leaves in local dishes.

SFC works with partners from the **Widows and Orphans Movement (WOM)** in the Upper East Region of Ghana. Their mission is to support and facilitate programs to empower widows and orphans economically, socially and spiritually through business enterprises like Baobab Oil production.

Often, in communities in rural Ghana, not only do widows endure the heartache of losing their husband but also experience negative social implications due to cultural practices and loss of income.

METHOD

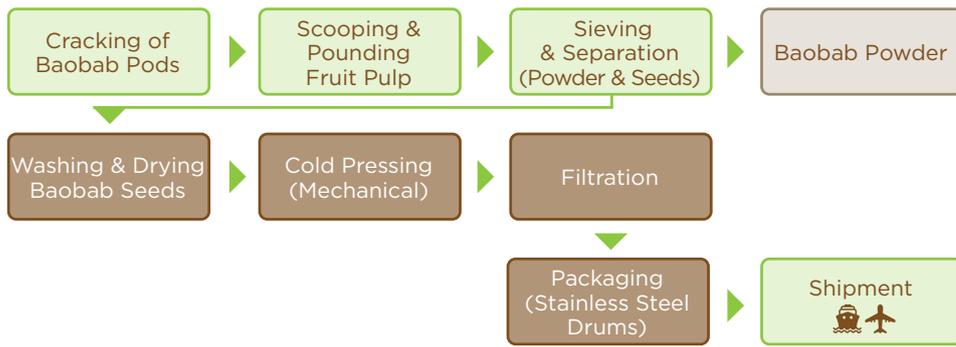

The Savannah Fruits Company supplies cold pressed baobab oil from outside of Bolga in the Upper East Region through women's cooperatives. We also have our own press in Tamale which allows for faster processing and more oversight over quality control.

The baobab oil business enables women to feed their families and support themselves as well as pay their children's required annual school fees. As a buyer of SFC's baobab oil you are directly supporting this important cause to assist these marginalized women.

COLD PRESSED BAOBAB OIL

PROCESSING

DESCRIPTION

INCI Name: Adansonia Digitata (Baobab) Seed Oil
CAS Number: 91745-12-9
EINECS Number: 294-680-8

REACH: Exempt
Shelf Life: 36 months from date of manufacture
Available forms: 25kg Jerrycans
190kg Drums

Fatty acid profile				NEN 5508:1995
C 16:0		18 - 46	%	
C 18:0		1 - 9	%	
C 18:1		25 - 45	%	
C 18:2		20 - 36	%	
C 18:3		0-2	%	

USES

Baobab oil is rich in essential fatty acids, antioxidants, and vitamins, making it great for moisturizing and nourishing the skin and hair. It soothes inflammation, promotes skin healing, and improves elasticity. Its lightweight, non-greasy texture hydrates without clogging pores. Baobab oil also strengthens hair and reduces breakage, supporting overall scalp health.
